BY BOB PIGUE.

One of the leading players in the Chick outfield has been plugged if a report from Columbus, O., is true. The report states that the Columbus club has purchased Sloan, an outfielder, outright from the American association. Sloan is well known to the Chick fans for his play with the Nashville Volunteers back in 1934. He is fast on the bases and a hard hitter. He played right field for the Volunteers and was the leading hitter of the league. Sloan was in the majors for a season, but he was not successful. Automatic Fines Will Stick in Southern.

The Southern league will retain the practice of last season relative to fining obstreperous athletes. The umpires can stick a fine on a player and he will have to dig up the money before being permitted to take part in the game. When a player is put out of the game, he will be automatically fined \$10.

Last season there were two or three ball players on the Memphis club who were fined often, and who paid out a goodly sum for their hustling on the ball field. Pug Griffin was fined more than any other player on the ball club, because he was out there fighting to win ball games.

The practice of the clubs paying the fines of the players has practically been abandoned, for the league ruled against it, and all clubs that pay their players out of trouble are liable to a fine.

TOLERANCE NEEDED. The 1935 staff of Southern league umpires, regardless of its personnel, should be instructed along the lines of being lenient. The umpires should be lenient to the players who kick on their decisions. In seasons gone by and especially last year many players were punished with fines merely because they wanted to mildly protest against a decision.

George Blackburn, who was in the league last season, was a player who was punished with a fine because he was not happy as when he was sent to the penalty box. But George himself has felt the punishing hand and will be seen no more.

But Hennessey, who was in the league last season, was a player who was punished with a fine because he was not happy as when he was sent to the penalty box. But Hennessey himself has felt the punishing hand and will be seen no more.

The wet weather seems to have put new life into the M. A. A. Junior soccer. Thursday's double-header was fought hard by all teams. Because the fields were now not one game from the league-leading Winks, the sturdy little Cougars put the quietest in the flash of the Benmers when Mivelaz scored the only goal of the game from a difficult angle 20 yards out.

Though the Winks played with but ten men their team work was far superior to that of the opponents. It was the great goal tending of Kuhn that would not score often. Kuhn stopped and cleared shots in a manner which would do credit to any goalie. The pass work of the soft drink team baffled the backs of the Cougars, and should have resulted in a victory.

The second game was also very evenly matched. The shot of the Cougars was a perfect piece of soccer, and was a reward of the hard, heady and consistent playing which the youngsters have been doing all season.

For the Winks, Loppert, Hale, Marquette and the rest of the team. The Cougars, on the other hand, had a perfect piece of soccer, and was a reward of the hard, heady and consistent playing which the youngsters have been doing all season.

Trivers and Majors Getting Together

Gentlemen's Agreement for Resumption of Relations Between Warring Factions Certain to Result From Deliberations of Two Bodies.

CHICAGO, Feb. 13.—A "gentlemen's agreement" for resumption of relations between the major and minor baseball leagues, with the probability that a written agreement would supersede it as soon as the Baltimore Federal league suit was settled, was in prospect today when club owners met in a joint session. Minor league representatives asked for restoration of the draft and the formation of a board to handle cases developing between the majors and the minors. The majors considered these demands so mild that only the absence of President Ben Johnson, of the American league, from the meeting yesterday apparently prevented official action.

The selection of a chairman of the national commission to succeed Garry Herrmann, which was left to President John Heydler, of the National league, and President Johnson, it was said, probably would not be announced for 30 days.

Should Restore Draft. The consensus of opinion at the afternoon gathering was that the draft should be restored. Several of the minor league committee declared, however, that there must be certain reservations made. The minor league body also declared itself in favor of appointing an arbitration board consisting of two members from the National league and two from the American league. In case this board could not agree upon a point under discussion it was declared that a third party outside of baseball should be named to decide.

The optional agreement was also discussed but everything was put over until tomorrow.

Members of the minor league committee included: John D. Martin, of the Southern league; C. J. Hanlon, of the Western league; and J. W. Morris, of the Texas league.

The minor league attempted to get together with the major yesterday but failing to do so they gathered during the forenoon today. All the National league clubs were represented.

Several American league owners attended the morning session. Albert Tierney was informed by August Herrmann, who presided, that the major league was in the position to take official action and it was decided to appoint a committee from the National and American leagues to go into session in the afternoon with a committee from the minors.

Representative John Heydler, president of the league, Charles Ebbetts, Brooklyn; Barney Dreyfuss, Philadelphia; and A. B. Hornsby, of Cincinnati.

Ben Was Missing. It was impossible to get in touch with Mr. Johnson, president of the American league, and the other members of the American league had left the city. However, the conference in the afternoon was attended by Harry Grabner, secretary of the Chicago White Sox, and William Richardson, of the Washington club. The minor league committee was composed of a representative of each of the leagues.

It was declared last night that whatever action is taken by the league will be to be present, will be in the nature of a temporary agreement. The Baltimore case is cleared.

Bob McLean's Alibi Is Disproved By Films Of Races

CHRISTIANIA, Feb. 12.—Films taken of the 10,000-meter ice skating race on Sunday between Oscar Mathisen, of Christiania, and McLean, of Chicago, show that the flagman at the curve where McLean took the inner instead of the outer track, gave the American skater the proper signal. It is therefore held here that McLean's claim that an incorrect signal given by an official at the curve was the cause of his mistake in taking the wrong course is untenable.

McLean announced on Sunday that if the moving pictures of the event showed blame for the mistake did not rest with him he would challenge for another 10,000-meter race.
